# Getting Started Guide

## 1. UNPACK

Unpack your Cocoon Voyager Quadcopter FPV and check that you have received all of the components:

- 1x Cocoon Voyager Quadcopter FPV
- 1x 2.4GHz Remote Control
- 1x USB Charging Cable
- 1x Rechargeable Battery
- 1x Phone Clamp
- 1x Screwdriver
- 1x WIFI Camera
- 4x AA Activ Energy Batteries
- 4x Propeller Guards
- 4x Landing Skids
- 4x Additional Blades
- 1x Instruction Manual
- 1x Getting Started Guide
- 1x Warranty Card

## 2. CHARGE BATTERY

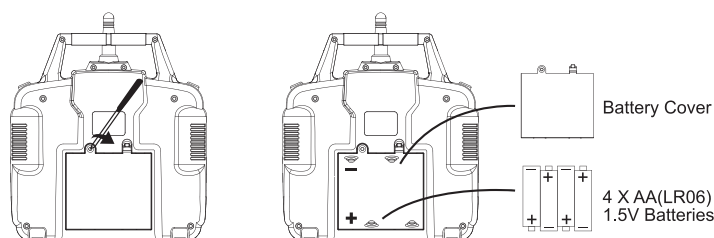

1. Switch the Voyager Quadcopter FPV off and open the battery cover
2. Pull the battery wire out of the power port and remove battery
3. Plug the battery wire into the smaller end of the USB charging cable
4. Connect USB cable to an active USB port

**NOTE:** A full charge will take roughly 100 minutes

## 3. INSERT BATTERIES

1. Remove the screw from the back of the remote control and remove the battery cover
2. Insert 4 x AA batteries (taking note of polarity) and replace battery cover
3. Reverse the steps in Section 2 to reconnect the battery to the Voyager Quadcopter

#### 4. ATTACH THE LANDING SKIDS AND PROPELLER GUARDS

#### 5. OPTIONAL: ATTACH THE CAMERA

- Slide camera onto the base until it clicks into place
- Plug the camera power cable into the drone port next to the ON/OFF Switch

#### 6. OPTIONAL: ATTACH THE PHONE CLAMP ONTO THE REMOTE CONTROL AS SHOWN

From your iOS Device

From your Android Device

#### 7. OPTIONAL: INSTALL THE 'DRONE FPV' SOFTWARE TO YOUR MOBILE

- On your smartphone, search for and download 'DRONE FPV' from the Google Play or iOS App Store or scan the QR code above
- Turn ON the Voyager Quadcopter FPV and ensure the camera is attached and plugged in per step 5
- Turn ON the Remote Control and pair to the quadcopter by moving the left control stick up and down
- On your smartphone, enter wireless settings and connect to 'FPV\_WIFI\_XXXX' (where XXXX is your Quadcopter FPV's unique code)
- Open the 'DRONE FPV' app and tap Start to launch the live view

#### 8. FLY!

- Turn on your Voyager Quadcopter FPV
- Turn on the Remote Control and pair by moving the left control stick up then down
- Fly!
