1. UNPACK

Unpack the Cocoon Bluetooth Keyboard and Case from the packaging and check you have all the components:

- 1 X Bluetooth Keyboard and Case
- 1 X Micro USB Cable
- 1 X Getting Started Guide
- 1 X Warranty Card

2. CHARGE THE BLUETOOTH KEYBOARD

Insert the included Micro USB cable from to the keyboard and attach the other end to a 5V USB charger or computer port. Charge for 3 hours on first charge

3. INSERT TABLET

Remove the USB cable from the keyboard. Insert the corners of your 9 - 10" tablet into the adjustable hooks to fix it to the case

4. TURN ON THE KEYBOARD

Move the switch on the keyboard to the ON position and press the CONNECT button

5. PAIRING TO BLUETOOTH

Go to your devices Bluetooth settings and select Bluetooth 3.0 Keyboard. Your device will prompt you to enter a 4 digit number and then press enter. Your device is now paired and ready to use
