

1. BEFORE YOU START

Scan this code
or search for
Cocoon Connect

Before you begin, make sure you have:

1. A mobile device - Android (V4.1 or later) or iOS (V8 or later)
2. Each of your Security Sensors
3. A Wi-Fi connection (have the password handy)
4. Download the Cocoon Connect app

For detailed instructions and videos, visit www.cocoonproducts.com.au

2. APP SETUP

First time users:
Register an account and follow the remaining prompts on screen

3. CONNECT ONE DEVICE AT A TIME

Only remove battery tabs or plug in sensor when beginning to connect that device

Follow steps 4 - 6 for each device you want to set up

4. BEGIN PAIRING MODE

ONLY TURN ON ONE DEVICE AT A TIME

The LED on each of the Smart Security Devices should be flashing twice per second

If not, press the Reset Button on the device and hold for six seconds. The LED should now flash twice per second

5. ADD THE DEVICE

1. Add device manually
2. Select Sensor & Security
 - Door Sensor = Door / Window Sensor
 - Motion Sensor = Sensor (Wi-Fi)
 - Siren = Alarm (Wi-Fi)

ONLY ADD ONE DEVICE AT A TIME

6. CONNECT DEVICE TO WIFI

If you have any issues with this step, ensure your password is correct
If you are still having issues, please check your Instruction Manual

7. DEVICE ADDED SUCCESSFULLY

Each Smart Security device will stop flashing to indicate it has been paired successfully

8. CONTROL YOUR DEVICES

Use, manage and control your Smart Security Kit from the Cocoon Connect app
